AMENDMENT ACCOMPANYING APPLICATION

Honorable Director of Patents and Trademarks Washington, D.C. 20231

Dear Sir:

Before calculation of the filing fee for this application, it is requested that the application be amended as follows:

In the claims:

Amend claims 21 and 28 as follows:

21. (amended). A system according to claim 1, wherein the representative part of the active display area (6) of the image forming device (2) is less than 1% of the area of the active display area (6) of the image forming device (2), preferably less than 0.1%, still more preferred less than 0.01%.

28. (amended). A method according to claim 22, wherein the step of making optical measurements comprises transmitting light from within the active display area (6) to outside the active display area (6).

REMARKS

The above amendments are being made in order to eliminate multiple dependency before calculation of the filing fee.

Examination of the application on its merit is awaited.
